## The Minecraft House

By Sam

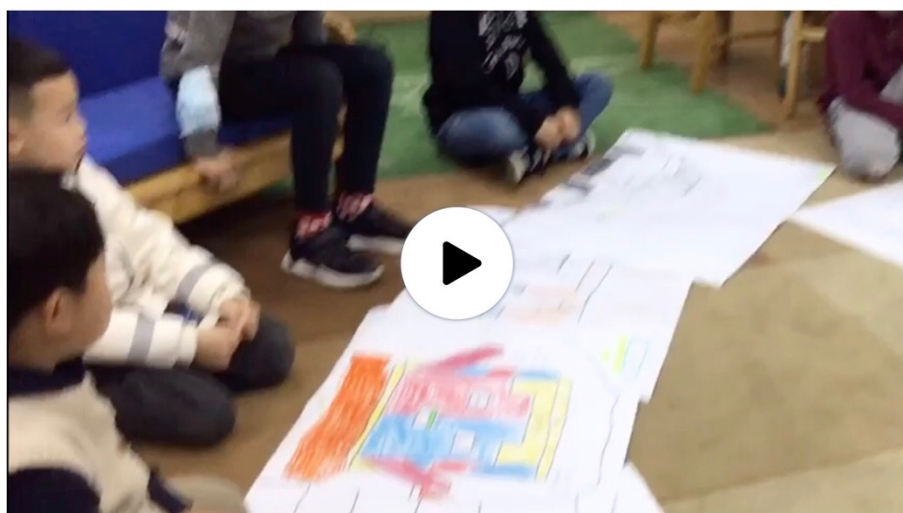

This is my switch house because I like to play switch.

In the switch house you can play switch and eat lunch and sleep.

### Step 3- Identifying and sharing my 2 challenges.

I used thinking skills. I think the hands are hard because it is go up and go down.

### step 4- Reflections

I used three paper boxes and one plastic box to make my switch house.

### step 5- creating

I'm making a hole. Because it is for the string.

This my switch house.
